Description			
<p>After work, we often play entertainment games to relieve stress. Fishing is one of the games favored by users because it is easy to play and does not require too much configuration. Today, I introduce everyone to Fishing Duel Dash, an interesting fishing game. Fishing Duel Dash is an entertaining tiny fishing game for two people that is very popular today. This is a way to help you and your relatives and friends relax and connect closer together.</p> <p>Fishing Duel Dash is an entertaining fishing game for two people that is very popular today. This is a way to help you and your relatives and friends relax and connect closer together.</p> <p>This gaming style is extremely simple, so anyone can operate it. You just need to look at the arrow and press the corresponding colored key to catch the fish. For example, if the arrow is yellow, press the yellow button; if the arrow is blue, press green; and so on. If you press the wrong color or press when the arrow is red, points will be deducted. If a red monster fish appears, do not wind the spool.</p> <p>The stronger your attention and reflexes, the more points you will gain in this game. You should wind the spool according to the type and color of the fish you catch.</p> <p>On desktop devices, the game is played using the "Z,X,C" and "1, 2, 3" keys, and on mobile devices, the game is played using touch controls.</p> <p>Get ready to have fun with this simple and fun fishing game!</p>
