Sleepless movie synopsis

The story in Sleepless begins with a policeman named Vincent (Jamie Foxx) who successfully completes a drug kingpin case mission in Las Vegas.

He and his partner named Sean Cass (T.I.) managed to confiscate evidence in the form of cocaine weighing 25 kilograms. The drugs are owned by a businessman named Stanley Rubino (Dermot Mulroney).

The illicit goods are planned to be handed over to the son of a dangerous cartel boss named Rob Novak (Scoot McNairy).

However, behind Vincent and Sean's success, two other investigators named Jennifer Bryant (Michelle Monaghan) and Doug Dennison (David Harbour) sensed something was wrong.

They suspect Vincent and Sean of being involved in something they shouldn't be.

On the one hand, Rob Novak is angry because his cocaine was confiscated by the police. He then makes plans to kidnap Vincent's son.

Vincent, who was struggling with his divorce, at that time had to look after his son named T (Octavianus J. Johnson) because his ex-wife had to go out of town.

One day Vincent went to take T to soccer practice, but on the way Stanley Rubino's men kidnapped T. They will release T if Vincent hands them over.

They will release T if Vincent hands back the cocaine that Vincent confiscated.

So how will Vincent's struggle end, will he succeed in freeing his son from kidnapping?
