Description			
Playing the slope game is fun and simple. Here's how you can play:			
Controls:			
• Use the left arrow key (←) to move left.			
• Use the right arrow key (→) to move right.			
Objective:			
• Your goal is to control the ball to avoid obstacles and not fall off the track.			
• Try to keep the ball in the middle of the track as long as possible to get a high score.			
Note:			
• The game will get faster over time, so you need to react quickly.			
• Obstacles and slopes will change and become more unpredictable.			
Tips:			
• Try to keep the ball in the middle of the track.			
• Adjust the speed and direction of the ball to avoid collision.			
This game requires concentration and quick reflexes, and a small mistake can cause you to have to start over. Hope you have fun playing and achieve high scores
